Company Overview

Altitude Risk Mitigation delivers affordable, experience-based, high-quality training and guidance to our Nation's first responders. We specialize in leadership and tactical training for law enforcement, including patrol, SWAT, investigative, and covert operations.

We enhance both operational and mental capabilities by introducing risk mitigation strategies that impact senior command staff to junior line officers. By taking a whole-agency approach, we help organizations achieve optimal performance, build societal trust, and reduce the risk of injury and litigation.

Core Competencies

Reality Based Training: We utilize stress-inoculated training scenarios to enhance operational mindset and capabilities.

Tactical Patrol Response Training: We provide positive natural-conclusion training to elevate awareness and tactical response for the line officer, with a focus on: Exigent-circumstance entries, Tactical Incident Command, Ambush Mitigation, and Threat Orientation.

Critical Incident Response Training: We assist agencies in the development of techniques and methods utilized in the response, management and command of complex critical incidents.

Leadership in Law Enforcement Training: We provide guidance and mechanisms to enhance growth for first line supervisors and line staff in their journey to promotion or appointment

Differentiators

Our extensive industry knowledge and technical expertise in leadership, investigative, and tactical operations enable us to provide relevant, tailored training and guidance to law enforcement. We utilize open-source intelligence and pre-instruction interviews to customize training for optimal learning and performance enhancement. **Altitude Risk Mitigation** stands above other SDVOSBs in this field by adapting our courses to address the current trends and challenges faced by each specific law enforcement agency.
